

As an avid and devoted listener to K-LOVE, an FM station, I appeal to the FCC **NOT** to expand service that allows LPFM stations to take priority over FM translator service. My station, K-LOVE, serves me on a daily basis as a resident of my local community. This station also meets many listening needs for me and for countless family and friends as well. The music is positive and encouraging, and the programming is dependable and refreshing.

K-LOVE also provides services and information to many in need on a daily basis. It provides resources for those in crisis and support for those in need. Many hurting people find solace and recovery through simply the turn of a radio dial that lands on K-LOVE. The community would be greatly impacted in a negative manner with the loss of such a resource.

K-LOVE is a daily inspiration to me and to many others that I know (including my small children, who love to sing along with so many of the wonderful songs). Every radio in the cars and the house are always tuned to K-LOVE. Please don't allow K-LOVE to be taken off the air because of LPFM.

Sincerely,

Taya Johnson
